

Sean Springmann

Salisbury University Graduate B.S. Physics – Microelectronics, Minor in Mathematics

Looking to gain employment and provide value in a team oriented organization where I will be able to apply the knowledge gained through my relevant course studies, online trainings, and self driven experience. Seeking to apply academic experience and hard work ethic in the field of web development.

- Successfully mine Ethereum using Ethash, ethermine.org, and MetaMask.io.

SKILLS

Web Design

Vue.js

NestJS

JavaScript

HTML

CSS

TypeScript

GitHub

NPM

C++

Java

PostgreSQL

MacOS

Windows 10

Microsoft Office Apps

Creative problem solver

Excellent people skills

Adaptable to diverse groups and environments

Excels in a team environment

Quick learner

WORK EXPERIENCE

Pro Associate
Home Depot

06/2021 – Present

Glen Burnie, MD

- Provide excellent customer service while maintaining fast and efficient checkout for Home Depot pro customers.
- Drive customer acquisition by asking probing project questions and be knowledgeable about Pro loyalty programs.
- Work at the Pro desk responding to general questions, and will transition Managed Account customers and quote building tasks to the PASA.
- Execute the responsibility of providing a safe working and shopping environment by following all safety policies and standards.

Babysitter
n/a

09/2020 – 01/2021

Millersville, MD

- Successfully balanced work and academics by simultaneously engaging and ensuring the safety of two children under the age of 10, while amassing a 3.71 GPA for the final semester.
- Aided children in completing and understanding coursework while they were participating in virtual classes during the pandemic.
- Conducted a daily report on the behavior and achievements of the children.
- Frequently settled disputes with compromise and reasoning.
